Annex 4: EWP statistical data collection

The first set of statistics gathered from all HEIs in the production EWP Network give the accurate overview of the state of the digitalization of exchanges related to inter-institutional agreements and learning agreements. They have been thoroughly discussed with the mobility software providers at the Infrastructure Forum meetings and with Business Process Owners. Finally they have been approved by DG EAC.

The following statistics are being gathered:

A. Business level statistics – Inter-institutional agreements (IIAs)
https://github.com/erasmus-without-paper/ewp-specs-api-iias/issues/82

1. Number of IIAs created in the local system which can be fetched by the partner HEI.
2. Number of IIAs created in the local system which have been approved by the partner HEI but the matching copies of the partner have not been approved by the local HEI.
3. Number of IIAs created in the local system which have not been approved by the partner HEI but the matching copies of the partner have been approved by the local HEI.
4. Number of IIAs created in the local system which have been approved by the partner HEI and the matching copies of the partner have been approved by the local HEI.

B. Business level statistics – Learning Agreements (LAs) for outgoing (sending HEI)
https://github.com/erasmus-without-paper/ewp-specs-api-omobility-las/issues/37

All statistics grouped and ordered by the academic year

1. Number of LAs.
2. (only before the mobility) Number of LAs with one version approved by the receiving HEI which has not been followed by any other version.
3. (before and during the mobility) Number of LAs with at least one version approved by the receiving HEI and with some versions after the approved one.
4. Number of LAs with the latest version approved by the receiving HEI.
5. Number of LAs with the latest version rejected by the receiving HEI.
6. Number of LAs with the latest version awaiting receiving HEI's approval

C. Business level statistics – LAs for incoming (receiving HEI)
https://github.com/erasmus-without-paper/ewp-specs-api-omobility-las/issues/37

All statistics grouped and ordered by the academic year

1. Number of LAs.
2. Number of LAs with at least one version approved by the receiving HEI.
3. Number of LAs with the latest version approved by the partner HEI.
4. Number of LAs with the latest version rejected by the receiving HEI.
5. Number of LAs in with the latest version awaiting receiving HEI's approval.

The timeline and the method of delivery:

- 30.07.2022: Statistics delivered manually to ewp-tech@lists.erasmuswithoutpaper.eu.
- 30.08.2022: Statistics delivered manually to ewp-tech@lists.erasmuswithoutpaper.eu.
- 30.09.2022: Statistics fetched automatically by the EWP Stats Portal via the dedicated API.

More statistics may be designed and gathered in the future.
